THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D.C. 20505

National Intelligence Council

NIC 0113-83
6 January 1983

MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

VIA: Chairman, National Intelligence Council
Vice Chairman, National Intelligence Council

FROM: Charles E. Waterman, NIO/NESA

SUBJECT: Policy Support to NSC on Palestine-Related Issues

In response to the request of NSC Senior NESA Staff Official Geoffrey Kemp, we are providing the NSC direct support on certain policy issues related to the Palestine issue as follows:

- The attached personal assessment of how to proceed with the PLO at this juncture. Related to this issue are continuing contacts by our consultant [redacted] with the PLO at NSC behest. FYI: Longer-range thinking of this type on the subject being addressed is sorely lacking in policy circles concerned.
- The attached commentary on complexities of defining a "settlement freeze." Despite this being a prerequisite for Jordanian joining of the peace negotiations, the type of freeze being talked about has not been defined in policy circles.
- In conjunction with the DDI, we are producing graphics and briefing data for use in two or three "tutorials" for the President on settlements, Jerusalem, and constraints under which concerned parties to the peace process are operating. [redacted]
